Grab Your Place in the Driver’s Seat for the Payments Technology Revolution

The “Payments Technology Revolution” is more than just this year's theme for the Merchant Advisory Group (MAG) Annual Conference. Known for driving positive change and innovation in the payments industry, the MAG is offering a new “Tech Forum” within the 2019 Annual Conference. The Tech Forum is the first event in the MAG's evolving efforts to foster collaboration, provide tech-focused knowledge, and build relationships across merchants, their IT teams and technology focused sponsors.

Tech Forum Agenda Sessions are designed for IT professionals and provide attendees with the latest insights needed to understand and use new and emerging technologies in payments. Topics include: FinTech, IoT payments, Architecture, Blockchain, Analytics, Agile, AI/Machine learning, Gateways, Authentication/Biometrics and the POS Hardware evolution.

**TECH FORUM AGENDA HIGHLIGHTS**

- **Learn from industry experts** from companies like OLS, Mastercard and Deloitte Consulting. They will provide the latest insights and innovative uses of new technologies, such as AI/Machine learning, Authentication/Biometrics and Blockchain, in payments.
- **Take a deep dive** into special interest topics such as Data Analytics or Agile Methodology, where you can discuss strategies and practices for applying these tools in today's rapidly changing payments technology environment.
- **Tech Forum attendees** are welcome to stay for the entire conference (September 18 and 19) and hear from payments professionals on the most recent developments in the broader payments space.

**ANNUAL CONFERENCE**

September 18 & 19
