Driving positive change and innovation in the payments industry that serves the merchants’ interests through collaboration, education and advocacy.

Discover the MAG Advantage

The Merchant Advisory Group (MAG) addresses a broad range of payments issues with no limitations in scope. Make the MAG part of your business strategy. Join the leading organization shaping the future of payments acceptance and gain a competitive advantage for your business.

Members represent all key merchant verticals including:

- Big box retail
- Warehouse retail
- Petroleum/convenience stores
- Grocery
- Small ticket/restaurants
- Airlines
- Hotels
- e-Commerce

Subscription/recurring billing, leasing, and kiosk verticals are also present and growing. Because of this, merchants have the unique opportunity to network with their peers in other industry segments, and to share potential solutions to shared problems.

The Merchant Advisory Group (MAG) was founded in 2008 by a small visionary group of merchants in the payments field dedicated to driving positive change in payments through multi-stakeholder collaboration. The MAG represents over 140 of the largest U.S. merchants which account for over $3.4 Trillion in annual sales at over 950,000 locations across the U.S. and online. Roughly $2.7 Trillion of those sales and over 73 Billion card payments are electronic which represents approximately 59%* of total U.S. card volume. MAG members employ over 12.5 million associates.

Discover the MAG Advantage

The Merchant Advisory Group (MAG) addresses a broad range of payments issues with no limitations in scope. Make the MAG part of your business strategy. Join the leading organization shaping the future of payments acceptance and gain a competitive advantage for your business.

It is essential that all stakeholders across the payments spectrum meet to address issues that impact our respective industries…the MAG provides that forum. It is one of the few organizations where merchants and the payments industry collaborate on developing “best practices” and drive out inefficiencies in the payment ecosystem.
